WELCOME TO PWTSTAKE

ABOUT PEARL WALLET

The Pearl Wallet is designed for those who want to invest and store cryptocurrencies privately and independently. /n/nit is a non-custodial, peer-to-peer wallet in which only the user has access to the funds. It collects no data and maintains the user's independence by not tying the user's funds to a specific wallet app. /n/nWe created Pearl Wallet for ourselves because the other options were inadequate. We believe that this wallet is far superior to competing products in terms of engineering and usability.
